

English

This term we develop our learning from Reception through the Read, Write, Inc. programme. We continue to develop our handwriting and improve our sentence writing skills. We learn new spelling patterns. We also read some exciting books including Funny Bones and The Jolly Christmas Postman.

Physical Education

We develop our physical skills this half term through the topics; throwing and catching and Gymnastics.

Religious Education

We develop our faith journey as we follow the programme Come and See. In the Autumn Term we learn about; 'Families' – God's love and care for every family, 'Belonging' – Baptism is an invitation to belong to God's family, and 'Waiting' – Advent is a time to look forward to Christmas.

Maths

We develop our knowledge and understanding of place value of numbers to 20. We learn different strategies to add and subtract. As well as exploring time, shape, measurements and money.

Year 1 Autumn Term

Forest School

We continue our learning outdoors as we engage in Forest School learning. We get to know our local area and explore the natural wonders of the outdoors. We read stories including Leaf Man and Stick Man to encourage our imagination.

Computing

This term we explore our technical skills through the use of BeeBots; programming using algorithms, as well as learning how to create and send an email. We will always be reminded of the importance of staying safe online and what we would do if we needed help while using a programme online.

Art and Design & Technology

To link with our theme topics, we study the artist Picasso and create our own portraits. We also design, create and evaluate our own wooden spoon toy.

Theme

During our Geography topic 'All Around Me' we get to know ourselves and each other better and discuss our local area, using maps. We develop our History knowledge by exploring 'Toys from the Past'.
