

Online Safety Policy

June 2018

1.1 School Statement

- St Benet's believes that online safety is an essential element of safeguarding children and adults in the digital world, when using technology such as computers, tablets, mobile phones or games consoles.
- St Benet's identifies that the internet and information communication technologies are an important part of everyday life, so children must be supported to be able to learn how to develop strategies to manage and respond to risk and be empowered to build resilience online.
- St Benet's has a duty to provide the community with quality Internet access to raise education standards, promote achievement, support professional work of staff and enhance management functions.
- St Benet's identifies that there is a clear duty to ensure that all children and staff are protected from potential harm online.
- The purpose of St Benet's online safety policy is to:
 - Clearly identify the key principles expected of all members of the community with regards to the safe and responsible use technology to ensure that St Benet's is a safe and secure environment.
 - Safeguard and protect all members of St Benet's community online.
 - Raise awareness with all members of St Benet's community regarding the potential risks as well as benefits of technology.
 - To enable all staff to work safely and responsibly, to role model positive behaviour online and be aware of the need to manage their own standards and practice when using technology.
 - Identify clear procedures to use when responding to online safety concerns that are known by all members of the community.
- This policy applies to all staff including the governing body, teachers, support staff, external contractors, visitors, volunteers and other individuals who work for or provide services on behalf of the school (collectively referred to as 'staff' in this policy) as well as children and parents/carers.
- This policy applies to all access to the internet and use of information communication devices, including personal devices, or where children, staff or other individuals have been provided with school issued devices for use off-site, such as a work laptops, tablets or mobile phones.
- This policy must be read in conjunction with other relevant school policies including (but not limited to) safeguarding and child protection, anti-bullying, behaviour, data security, image use, Acceptable Use Policies, confidentiality, and relevant curriculum

policies including computing, Personal Social and Health Education (PSHE), Citizenship and Sex and Relationships Education (SRE).

1.2 Writing and reviewing the online safety policy

The Designated Safeguarding Lead (DSL) is Catherine Harper

The Online Safety Lead is Claire Caulfield

The Online safety lead/safeguarding lead for the Governing Body is Martin Cottle

1.3 Key responsibilities for the community

All members of school have an essential role to play in ensuring the safety and wellbeing of others, both on and offline. It is important that all members of the community are aware of these roles and responsibilities and also how to access and seek support and guidance.

1.3.1 The key responsibilities of the school leadership team are:

- Developing, owning and promoting the online safety vision and culture to all stakeholders, in line with national and local recommendations with appropriate support and consultation throughout the school community.
- Ensuring that online safety is viewed by the whole community as a safeguarding issue and proactively developing a robust online safety culture.
- Supporting the Designated Safeguarding Lead (DSL) and / or the Online Safeguarding Lead by ensuring they have sufficient time and resources to fulfil their online safety role and responsibilities.
- Ensuring there are appropriate and up-to-date policies and procedures regarding online safety including an Acceptable Use Policy which covers appropriate professional conduct and use of technology.
- To ensure that suitable and appropriate filtering and monitoring systems are in place to protect children from inappropriate content which meet the needs of the school community whilst ensuring children have access to required educational material.
- To work with and support technical staff in monitoring the safety and security of school/setting systems and networks and to ensure that the school/setting network system is actively monitored.
- Ensuring all members of staff receive regular, up-to-date and appropriate training regarding online safety roles and responsibilities and provide guidance regarding safe appropriate communications.

- Ensuring that online safety is embedded within a progressive whole school/setting curriculum which enables all pupils to develop an age-appropriate understanding of online safety and the associated risks and safe behaviours.
- To be aware of any online safety incidents and ensure that external agencies and support are liaised with as appropriate.
- Receiving and regularly reviewing online safeguarding records and using them to inform and shape future practice.
- Ensuring there are robust reporting channels for the school/setting community to access regarding online safety concerns, including internal, local and national support.
- Ensure that appropriate risk assessments are undertaken regarding the safe use of technology, including ensuring the safe and responsible use of devices.
- To ensure a member of the Governing Body is identified with a lead responsibility for supporting online safety.
- Auditing and evaluating current online safety practice to identify strengths and areas for improvement.
- To ensure that the Designated Safeguarding Lead (DSL) works with the online safety lead.

1.3.2 The key responsibilities of the Online Safety Lead are:

- Working closely with the DSL to help ensure that all safeguarding incidents either online or otherwise are dealt with following the schools safeguarding procedures.
- Acting as a named point of contact on all online safeguarding issues and liaising with other members of staff and other agencies as appropriate.
- Keeping up-to-date with current research, legislation and trends regarding online safety.
- Coordinating participation in local and national events to promote positive online behaviour, e.g. Safer Internet Day.
- Ensuring that online safety is promoted to parents and carers and the wider community through a variety of channels and approaches.
- Work with the school/setting lead for data protection and data security to ensure that practice is in line with current legislation.
- Maintaining a record of online safety concerns/incidents and actions taken as part of the schools safeguarding recording structures and mechanisms via CPOMs.
- Monitor the schools online safety incidents to identify gaps/trends and use this data to update the schools education response to reflect need

- To report to the school management team, Governing Body and other agencies as appropriate, on online safety concerns and local data/figures.
- Liaising with the local authority and other local and national bodies, as appropriate.
- Working with the schools leadership and management to review and update the online safety policies, Acceptable Use Policies (AUPs) and other related policies on a regular basis (at least annually) with stakeholder input.
- Ensuring that online safety is integrated with other appropriate school policies and procedures.
- Leading an online safety team/group
- Meet regularly with the governor member with a lead responsibility for online safety.

1.3.3 The key responsibilities for all members of staff are:

- Contributing to the development of online safety policies.
- Reading the school Acceptable Use Policies (AUPs) and adhering to them.
- Taking responsibility for the security of school/setting systems and data.
- Having an awareness of a range of different online safety issues and how they may relate to the children in their care.
- Modelling good practice when using new and emerging technologies
- Embedding online safety education in curriculum delivery wherever possible.
- Identifying individuals of concern and taking appropriate action by following school safeguarding policies and procedures.
- Knowing when and how to escalate online safety issues, internally and externally.
- Being able to signpost to appropriate support available for online safety issues, internally and externally.
- Maintaining a professional level of conduct in their personal use of technology, both on and off site.
- Demonstrating an emphasis on positive learning opportunities.
- Taking personal responsibility for professional development in this area.

1.3.5. Additional responsibilities for staff managing the technical environment

- The responsibility for managing the technical environment is ultimately the responsibility of the Head and the Governing Body.

1.3.4 In addition to the above, the key responsibilities for staff managing the technical environment are:

- Providing a safe and secure technical infrastructure which support safe online practices while ensuring that learning opportunities are still maximised.
- Taking responsibility for the implementation of safe security of systems and data in partnership with the leadership and management team.
- To ensure that suitable access controls and encryption is implemented to protect personal and sensitive information held on school-owned devices.
- Ensuring that the schools filtering policy is applied and updated on a regular basis and that responsibility for its implementation is shared with the DSL.
- Ensuring that the use of the school/setting's network is regularly monitored and reporting any deliberate or accidental misuse to the DSL.
- Report any breaches or concerns to the DSL and leadership team and together ensure that they are recorded and appropriate action is taken as advised.
- Developing an understanding of the relevant legislation as it relates to the security and safety of the technical infrastructure.
- Report any breaches and liaising with the local authority (or other local or national bodies) as appropriate on technical infrastructure issues.
- Providing technical support and perspective to the DSL and leadership team, especially in the development and implementation of appropriate online safety policies and procedures.
- Ensuring that the school's ICT infrastructure/system is secure and not open to misuse or malicious attack.
- Ensuring that appropriate anti-virus software and system updates are installed and maintained on all setting machines and portable devices.
- Ensure that appropriately strong passwords are applied and enforced for all but the youngest users.

1.3.5 The key responsibilities of children and young people are:

- Contributing to the development of online safety policies.
- Reading the school/setting Acceptable Use Policies (AUPs) and adhering to them.
- Respecting the feelings and rights of others both on and offline.
- Seeking help from a trusted adult if things go wrong, and supporting others that may be experiencing online safety issues.

- At a level that is appropriate to their individual age, ability and vulnerabilities:
- Taking responsibility for keeping themselves and others safe online.
- Taking responsibility for their own awareness and learning in relation to the opportunities and risks posed by new and emerging technologies.
- Assessing the personal risks of using any particular technology, and behaving safely and responsibly to limit those risks.

1.3.6 The key responsibilities of parents and carers are:

- Reading the school/setting Acceptable Use Policies, encouraging their children to adhere to them, and adhering to them themselves where appropriate.
- Discussing online safety issues with their children, supporting the school in their online safety approaches, and reinforcing appropriate safe online behaviours at home.
- Role modelling safe and appropriate uses of technology and social media.
- Identifying changes in behaviour that could indicate that their child is at risk of harm online.
- Seeking help and support from the school, or other appropriate agencies, if they or their child encounters online problems or concerns.
- Contributing to the development of the school/setting online safety policies.
- Using school systems, such as learning platforms, and other network resources, safely and appropriately.
- Taking responsibility for their own awareness and learning in relation to the opportunities and risks posed by new and emerging technologies.

2. Online Communication and Safer Use of Technology

Schools and settings will be using a variety of online communication and collaboration tools both informally and formally with children, parents/carers and staff. It will be important that managers and leaders are aware of this use and provide clear boundaries and expectations for safe use.

2.1 Managing the school/setting website

- The school will ensure that information posted on the school website meets the requirements as identified by the Department for Education (DfE).
- The contact details on the website will be the school/setting address, email and telephone number. Staff or pupils' personal information will not be published.

- The head teacher will take overall editorial responsibility for online content published and will ensure that information is accurate and appropriate.
- The website will comply with the school's guidelines for publications including accessibility respect for intellectual property rights, privacy policies and copyright.
- Email addresses will be published carefully online, to avoid being harvested for spam (e.g. by replacing '@' with 'AT'.)
- Pupils work will be published with their permission or that of their parents/carers.
- The administrator account for the school website will be safeguarded with an appropriately strong password.
- The school will post information about safeguarding, including online safety, on the school website for members of the community.

2.2 Publishing images and videos online

- The school will ensure that all images and videos shared online are used in accordance with the school image use policy.
- The school will ensure that all use of images and videos take place in accordance other policies and procedures including data security, Acceptable Use Policies, Codes of Conduct, social media, use of personal devices and mobile phones etc.
- In line with the image policy, written permission from parents or carers will always be obtained before images/videos of pupils are electronically published.

2.3 Managing email

- Pupils may only use school/setting provided email accounts for educational purposes
- All members of staff are provided with a specific school email address to use for any official communication.
- The use of personal email addresses by staff for any official school business is not permitted.
- The forwarding of any chain messages/emails etc. is not permitted. Spam or junk mail will be blocked and reported to the email provider.
- Any electronic communication which contains any content which could be subject to data protection legislation (e.g. sensitive or personal information) will only be sent using secure and encrypted email.
- Access to school email systems will always take place in accordance to data protection legislation and in line with other appropriate school/setting policies e.g. confidentiality.

- Members of the community must immediately tell a designated member of staff if they receive offensive communication and this will be recorded in the school safeguarding files/records.
- Whole -class or group email addresses may be used for communication outside of the school.
- Staff will be encouraged to develop an appropriate work life balance when responding to email, especially if communication is taking place between staff and pupils and parents.
- Email sent to external organisations should be written carefully and authorised before sending, in the same way as a letter written on school headed paper would be.
- The school will have a dedicated email for reporting wellbeing and pastoral issues. This inbox will be managed by designated and trained staff.
- School email addresses and other official contact details will not be used for setting up personal social media accounts.

2.4 Appropriate and safe classroom use of the internet and any associated devices

- Internet use is a key feature of educational access and all children will receive age and ability appropriate education to support and enable them to develop strategies to respond to concerns as part of an embedded whole school curriculum. Please access subject specific curriculum for further information.
- The school's internet access will be designed to enhance and extend education.
- Access levels to the internet will be reviewed to reflect the curriculum requirements and the age and ability of pupils.
- All members of staff are aware that they cannot rely on filtering alone to safeguard children and supervision, classroom management and education about safe and responsible use is essential.
- Supervision of pupils will be appropriate to their age and ability
 - At Early Years Foundation Stage and Key Stage 1 pupils' access to the Internet will be by adult demonstration with occasional directly supervised access to specific and approved online materials which supports the learning outcomes planned for the pupils' age and ability.
 - At Key Stage 2 pupils will be supervised. Pupils will use age-appropriate search engines and online tools and online activities will be teacher-directed where necessary. Children will be directed to online material and resources which support the learning outcomes planned for the pupils' age and ability.

- Members of staff will always evaluate websites, tools and apps fully before use in the classroom or recommending for use at home.
- Pupils will be educated in the effective use of the Internet in research, including the skills of knowledge location, retrieval and evaluation.
- The school will ensure that the use of Internet-derived materials by staff and pupils complies with copyright law and acknowledge the source of information.
- The school will ensure that safety features are enabled on adult sites which the staff direct children to use (e.g. Google Safe Search, YouTube Safety Mode)
- Pupils will be taught to be critically aware of the materials they read and shown how to validate information before accepting its accuracy.
- The evaluation of online materials is a part of teaching and learning in every subject and will be viewed as a whole-school/setting requirement across the curriculum.
- The school will use the internet to enable pupils and staff to communicate and collaborate in a safe and secure environment.

2.5 Management of school learning platforms/portals/gateways

- Leaders and staff will regularly monitor the usage of the Learning Platform (LP) in all areas, in particular message and communication tools and publishing facilities.
- Staff will be advised about acceptable conduct and use when using the LP.
- Only members of the current pupil and staff community will have access to the LP.
- All users will be mindful of copyright issues and will only upload appropriate content onto the LP.
- When staff, pupils' etc. leave the school their account or rights to specific school areas will be disabled or transferred to their new establishment.

3. Social Media Policy

3.1. General social media use

- Expectations regarding safe and responsible use of social media will apply to all members of St Benet's community and exist in order to safeguard both the school and the wider community, on and offline. Examples of social media may include blogs, wikis, social networking sites, forums, bulletin boards, multiplayer online gaming, apps, video/photo sharing sites, chatrooms, instant messenger and many others.
- All members of St Benet's community will be encouraged to engage in social media in a positive, safe and responsible manner at all times.

- Information about safe and responsible use of social media will be communicated clearly and regularly to all members of St Benet's.
- All members of St Benet's community are advised not to publish specific and detailed private thoughts, concerns, pictures or messages on any social media services, especially content that may be considered threatening, hurtful or defamatory to others.
- The school will control pupil and staff access to social media and social networking sites whilst on site and when using school provided devices and systems.
- The use of social networking applications during school hours for personal use is only permitted during play/lunch times.
- Any concerns regarding the online conduct of any member of St Benet's community on social media sites should be reported to the leadership team and will be managed in accordance with policies such as anti-bullying, allegations against staff, behaviour and safeguarding/child protection.
- Any breaches of school policy may result in criminal, disciplinary or civil action being taken and this will depend upon the age of those involved and the circumstances of the wrong committed. Action taken will be in accordance with relevant policies, such as anti-bullying, allegations against staff, behaviour and safeguarding/child protection.

3.2. Official use of social media

- *St Benet's* official social media channel is a twitter account which can be reached at @Stbenetsouston
- Official use of social media sites by the school will only take place with clear educational or community engagement objectives with specific intended outcomes e.g. increasing parental engagement.
- Official use of social media sites as communication tools will be risk assessed and formally approved by the Headteacher.
- Staff will use school provided email addresses to register for and manage any official approved social media channels.
- Members of staff running official social media channels will sign a specific Acceptable Use Policy (AUP) to ensure they are aware of the required behaviours and expectations of use and to ensure that sites are used safely, responsibly and in accordance with local and national guidance and legislation. (Available on the Extranet)
- All communication on official social media platforms will be clear, transparent and open to scrutiny.

- Any online publication on official social media sites will comply with legal requirements including the Data Protection Act 1998, right to privacy conferred by the Human Rights Act 1998, or similar duty to protect private information and will not breach any common law duty of confidentiality, copyright etc.
- Official social media use will be in line with existing policies including anti-bullying and Keeping Children Safe in Education (KCSIE).
- Images or videos of children will only be shared on official social media sites/channels in accordance with the image use policy.
- Information about safe and responsible use of social media channels will be communicated clearly and regularly to all members of the community.
- Official social media sites, blogs or wikis will be suitably protected (e.g. password protected) and where possible/appropriate, run and/or linked to from the school/setting website and take place with written approval from the Leadership Team.
- Leadership staff must be aware of account information and relevant details for social media channels in case of emergency, such as staff absence.
- Parents/Carers and pupils will be informed of any official social media use, along with expectations for safe use and action taken to safeguard the community.
- Public communications on behalf of the school will, where possible, be read and agreed by at least one other colleague.
- Official social media channels will link back to the school/setting website and/or Acceptable Use Policy to demonstrate that the account is official.
- The school will ensure that any official social media use does not exclude members of the community who are unable or unwilling to use social media channels.

3.3 *Staff personal use of social media*

- The safe and responsible use of social networking, social media and personal publishing sites will be discussed with all members of staff as part of staff induction and will be revisited and communicated via regular staff training opportunities.
- Safe and professional behaviour will be outlined for all members of staff (including volunteers) as part of the school/setting Acceptable Use Policy.
- All members of staff are advised not to communicate with or add as 'friends' any current or past children/pupils or current or past pupils' family members via any personal social media sites, applications or profiles. Any pre-existing relationships or exceptions that may compromise this will be discussed with Designated Safeguarding Lead.

- If ongoing contact with pupils is required once they have left the school roll, then members of staff will be expected to use existing alumni networks or use official school provided communication tools.
- All communication between staff and members of the school community on school business will take place via school email addresses.
- Staff will not use personal social media accounts to make contact with pupils or parents, nor should any contact be accepted, except in circumstance whereby prior approval has been given by the Headteacher.
- Any communication from pupils/parents received on personal social media accounts will be reported to the schools designated safeguarding lead.
- Information and content that staff members have access to as part of their employment, including photos and personal information about pupils and their family members, colleagues etc. will not be shared or discussed on personal social media sites.
- All members of staff are strongly advised to safeguard themselves and their privacy when using social media sites. This will include being aware of location sharing services, setting the privacy levels of their personal sites as strictly as they can, opting out of public listings on social networking sites, logging out of accounts after use and keeping passwords safe and confidential.
- All members of staff are encouraged to carefully consider the information, including text and images, they share and post online and to ensure that their social media use is compatible with their professional role and is in accordance with schools policies (**safeguarding, confidentiality, data protection etc.**) and the wider professional and legal framework.
- Members of staff will be encouraged to manage and control the content they share and post online. Advice will be provided to staff via staff training and by sharing appropriate guidance and resources on a regular basis.
- Members of staff will notify the Leadership Team immediately if they consider that any content shared or posted via any information and communications technology, including emails or social networking sites conflicts with their role in the school/setting.
- Members of staff are encouraged not to identify themselves as employees of St Benet's on their personal social networking accounts. This is to prevent information on these sites from being linked with the school/setting and also to safeguard the privacy of staff members and the wider community.
- Members of staff will ensure that they do not represent their personal views as that of the school on social media.

- School email addresses will not be used for setting up personal social media accounts.
- Members of staff who follow/like the school/settings social media channels will be advised to use dedicated professional accounts, where possible, to avoid blurring professional boundaries.

3.4 Staff official use of social media

- If members of staff are participating in online activity as part of their capacity as an employee of the school, then they are requested to be professional at all times and to be aware that they are an ambassador for the school.
- Staff using social media officially will disclose their official role/position but always make it clear that they do not necessarily speak on behalf of the school.
- Staff using social media officially will be responsible, credible, fair and honest at all times and consider how the information being published could be perceived or shared.
- Staff using social media officially will always act within the legal frameworks they would adhere to within the workplace, including libel, defamation, confidentiality, copyright, data protection as well as equalities laws.
- Staff must ensure that any image posted on any official social media channel have appropriate written parental consent.
- Staff using social media officially will be accountable and must not disclose information, make commitments or engage in activities on behalf of the school unless they are authorised to do so.
- Staff using social media officially will inform the Designated Safeguarding Lead of any concerns such as criticism or inappropriate content posted online.
- Staff will not engage with any direct or private messaging with children or parents/carers through social media and will communicate via official communication channels.
- Staff using social media officially will sign the school/setting social media Acceptable Use Policy.

3.5 Pupils use of social media

- Safe and responsible use of social media sites will be outlined for children and their parents as part of the Acceptable Use Policy.
- Personal publishing on social media sites will be taught to pupils as part of an embedded and progressive education approach via age appropriate sites which have been risk assessed and approved as suitable for educational purposes.

- Pupils will be advised to consider the risks of sharing personal details of any kind on social media sites which may identify them and / or their location. Examples would include real/full name, address, mobile or landline phone numbers, school attended, Instant messenger contact details, email addresses, full names of friends/family, specific interests and clubs etc.
- Pupils will be advised not to meet any online friends without a parent/carer or other responsible adult's permission and only when they can be present.
- Pupils will be advised on appropriate security on social media sites and will be encouraged to use safe and passwords, deny access to unknown individuals and be supported in learning how to block and report unwanted communications.
- Pupils will be encouraged to approve and invite known friends only on social networking sites and to deny access to others by making profiles private/protected.
- Parents will be informed of any official social media use with pupils and written parental consent will be obtained, as required.
- Any official social media activity involving pupils will be moderated by the school where possible.
- The school is aware that many popular social media sites state that they are not for children under the age of 13, therefore the School will not create accounts within school specifically for children under this age.
- Any concerns regarding pupils' use of social networking, social media and personal publishing sites, both at home and at school, will be dealt with in accordance with existing school policies including anti-bullying and behaviour.
- Any concerns regarding pupils' use of social networking, social media and personal publishing sites, both at home and at school, will be raised with parents/carers, particularly when concerning any underage use of social media sites.

4. Use of Personal Devices and Mobile Phones

4.1 Rationale regarding personal devices and mobile phones

- The widespread ownership of mobile phones and a range of other personal devices among children, young people and adults will require all members St Benet's community to take steps to ensure that mobile phones and personal devices are used responsibly.
- The use of mobile phones and other personal devices by young people and adults will be decided by the school and is covered in appropriate policies including the school Acceptable Use.
- St Benet's recognises that personal communication through mobile technologies is an accepted part of everyday life for children, staff and parents/carers but requires that such technologies need to be used safely and appropriately within schools.

4.2 Expectations for safe use of personal devices and mobile phones

- Electronic devices of all kinds that are brought in on site are the responsibility of the user at all times. The school accepts no responsibility for the loss, theft or damage of such items. Nor will the school accept responsibility for any adverse health effects caused by any such devices either potential or actual.
- Mobile phones and personal devices are not permitted to be used in certain areas within the school/setting site such as toilets.
- The sending of abusive or inappropriate messages or content via mobile phones or personal devices is forbidden by any member of the community and any breaches will be dealt with as part of the anti-bullying/behaviour policy.
- All members of St Benet's community will be advised to use passwords/pin numbers to ensure that unauthorised calls or actions cannot be made on their phones or devices if they are lost or stolen. Passwords and pin numbers should be kept confidential. Mobile phones and personal devices should not be shared.
- All members of St Benet's community will be advised to ensure that their mobile phones and personal devices do not contain any content which may be considered to be offensive, derogatory or would otherwise contravene the school policies.
- School mobile phones and devices must always be used in accordance with the Acceptable Use Policy.
- School mobile phones and devices used for communication with parents and pupils must be suitably protected via a passcode/password/pin and must only be accessed and used by members of staff.

4.3 Pupils use of personal devices and mobile phones

- Pupils will be educated regarding the safe and appropriate use of personal devices and mobile phones.
- All use of mobile phones and personal devices by children will take place in accordance with the acceptable use policy.
- Year 5 and 6 Pupil's personal mobile phones and personal devices will be kept their class teachers locked cupboard during school hours if they bring their device to school.
- Pupils will be instructed in safe and appropriate use of mobile phones and personal devices and will be made aware of boundaries and consequences.

4.4 Staff use of personal devices and mobile phones

- Members of staff are not permitted to use their own personal phones or devices for contacting children, young people and their families within or outside of the setting in a professional capacity. Any pre-existing relationships which could compromise this will be discussed with leaders/managers.
- Staff will not use personal devices such as mobile phones, tablets or cameras to take photos or videos of children and will only use work-provided equipment for this purpose.
- Members of staff will ensure that any use of personal phones and devices will always take place in accordance with the law e.g. data protection as well as relevant school policy and procedures e.g. confidentiality, data security, Acceptable Use etc.
- Staff will not use any personal devices directly with children and will only use work-provided equipment during lessons/educational activities.
- Staff personal mobile phones and devices will be switched off/switched to 'silent' mode during lesson times and kept in a locked cupboard.
- Bluetooth or other forms of communication should be "hidden" or switched off during lesson times.
- Staff will ensure that any content bought on site via mobile phones and personal devices are compatible with their professional role and expectations.
- If a member of staff breaches the school policy then disciplinary action will be taken.
- If a member of staff is thought to have illegal content saved or stored on a mobile phone or personal device or have committed a criminal offence then the police will be contacted.
- Any allegations against members of staff involving personal use of mobile phone or devices will be responded to following the school/settings allegations management policy.

4.5 Visitors use of personal devices and mobile phones

- Parents/carers and visitors must use mobile phones and personal devices in accordance with the school/settings acceptable use policy.
- Use of mobile phones or personal devices by visitors and parents/carers to take photos or videos must take place in accordance with the school image use policy.
- The school will ensure appropriate signage and information is displayed and provided to inform visitors of expectations of use.

- Staff will be expected to challenge concerns when safe and appropriate and will always inform the Designated Safeguarding Lead of any breaches of use by visitors.

5. Policy Decisions

5.1. Reducing online risks

- Emerging technologies will be examined for educational benefit and the school leadership team will ensure that appropriate risk assessments are carried out before use in school is allowed.
- The school will ensure that appropriate filtering and monitoring systems are in place to prevent staff and pupils from accessing unsuitable or illegal content.
- The school will take all reasonable precautions to ensure that users access only appropriate material. However, due to the global and connected nature of Internet content, it is not always possible to guarantee that access to unsuitable material will never occur via a school computer or device.
- The school will audit technology use to establish if the online safety (e–Safety) policy is adequate and that the implementation of the policy is appropriate.
- Methods to identify, assess and minimise online risks will be reviewed regularly by the schools leadership team.

5.2. Internet use throughout the wider school community

- The school will liaise with local organisations (Feeder Schools, Police etc.) to establish a common approach to online safety.
- The school will work with the local community’s needs (including recognising cultural backgrounds, languages, religions and ethnicity) to ensure internet use is appropriate.
- The school will provide an Acceptable Use Policy for any guest/visitor who needs to access the school computer system or internet on site

5.3 Authorising internet access

- All staff, pupils and visitors will read and sign the Acceptable Use Policy before using any school resources.
- Parents will be informed that pupils will be provided with supervised Internet access which is appropriate to their age and ability.
- Parents will be asked to read the Acceptable Use Policy for pupil access and discuss it with their child, where appropriate.
- When considering access for vulnerable members of the community (such as with children with special education needs) the school will make decisions based on the specific needs and understanding of the pupil(s).

6. Engagement Approaches

6.1 Engagement and Education of Children and Young People

- An online safety curriculum will be established and embedded throughout the whole school, to raise awareness regarding the importance of safe and responsible internet use amongst pupils.
- Education about safe and responsible use will precede internet access.
- Pupils will be supported in reading and understanding the Acceptable Use Policy in a way which suits their age and ability.
- All users will be informed that network and Internet use will be monitored.
- Online safety will be included in the PSHE, SRE and Computing programmes of study, covering both safe school and home use.
- Pupils input will be sought when writing and developing school online safety policies and practices, including curriculum development and implementation.
- Online safety education and training will be included as part of the transition programme across the Key Stages and when moving between establishments.
- Acceptable Use expectations and Posters will be posted in all rooms with Internet access.
- Safe and responsible use of the Internet and technology will be reinforced across the curriculum and within all subject areas.
- External support will be used to complement and support the schools internal online safety education approaches.
- The school will reward positive use of technology by pupils.
- The school will implement peer education to develop online safety as appropriate to the needs of the pupils.

6.2 Engagement and education of children and young people considered to be vulnerable

- St Benet's is aware that some children may be considered to be more vulnerable online due to a range of factors.
- St Benet's will ensure that differentiated and ability appropriate online safety education is given, with input from specialist staff as appropriate (e.g. SENCO/DSL).

6.3 Engagement and education of staff

- The online safety policy will be formally provided to and discussed with all members of staff as part of induction and will be reinforced and highlighted as part of our safeguarding responsibilities.
- Staff will be made aware that our Internet traffic can be monitored and traced to the individual user. Discretion and professional conduct is essential when using school systems and devices.
- Up-to-date and appropriate staff training in safe and responsible Internet use, both professionally and personally, will be provided for all members of staff in a variety of ways, on a regular (at least annual) basis.
- All members of staff will be made aware that their online conduct out of school could have an impact on their role and reputation within school. Civil, legal or disciplinary action could be taken if they are found to bring the profession or institution into disrepute, or if something is felt to have undermined confidence in their professional abilities.
- Members of staff with a responsibility for managing filtering systems or monitor ICT use will be supervised by the Leadership Team and will have clear procedures for reporting issues or concerns.
- The school/setting will highlight useful online tools which staff should use according to the age and ability of the pupils.

6.4 Engagement and education of parents and carers

- St Benet's recognise that parents/carers have an essential role to play in enabling children to become safe and responsible users of the internet and digital technology.
- Parents' attention will be drawn to the school online safety policy and expectations in newsletters, letters, school prospectus and on the school website.
- A partnership approach to online safety at home and at school with parents will be encouraged. This may include offering parent evenings with demonstrations and suggestions for safe home Internet use or highlighting online safety at other well attended events e.g. parent evenings, transition events, fetes and sports days.
- Parents will be encouraged to read the school Acceptable Use Policy for pupils and discuss its implications with their children.
- Information and guidance for parents on online safety will be made available to parents in a variety of formats.

- The Headteacher is ultimately responsible for the security of any data or images held of children.
- Apps/systems which store personal data will be risk assessed prior to use.
- Only school issued devices will be used for apps that record and store children's personal details, attainment or photographs. Personal staff mobile phones or devices will not be used to access or upload content to any apps which record and store children's personal details, attainment or images.
- Devices will be appropriately encrypted if taken off site to prevent a data security breach in the event of loss or theft.
- Users will be advised on safety measures to protect all members of the community such as using strong passwords, logging out of systems etc.

- Parents will be informed of the schools expectations regarding safe and appropriate use (e.g. not sharing passwords or sharing images) prior to being given access.

8. Responding to Online Incidents and Safeguarding Concerns

- All members of the community will be made aware of the range of online risks that are likely to be encountered including sexting, online/cyber bullying etc. This will be highlighted within staff training and educational approaches for pupils.
- All members of the school/setting community will be informed about the procedure for reporting online safety concerns, such as breaches of filtering, sexting, cyberbullying, illegal content etc.
- The Designated Safeguarding Lead (DSL) will be informed of any online safety incidents involving child protection concerns, which will then be recorded.
- The DSL will ensure that online safety concerns are escalated and reported to relevant agencies in line with LSCB systems
- If there is a possibility that an offence has occurred then any equipment used should be isolated and left unused to preserve any evidence on the device.
- Complaints about Internet misuse will be dealt with under the School's complaints procedure.
- Complaints about online/cyber bullying will be dealt with under the School's anti-bullying policy and procedure
- Any complaint about staff misuse will be referred to the head teacher
- Any allegations against a member of staff's online conduct will be discussed with the LADO (Local Authority Designated Officer).
- Pupils, parents and staff will be informed of the schools complaints procedure.
- Staff will be informed of the complaints and whistleblowing procedure.
- All members of the school community will need to be aware of the importance of confidentiality and the need to follow the official school procedures for reporting concerns.
- All members of the school community will be reminded about safe and appropriate behaviour online and the importance of not posting any content, comments, images or videos online which cause harm, distress or offence to any other members of the school community.
- The school will manage online safety incidents in accordance with the school discipline/behaviour policy where appropriate.
- The school will inform parents/carers of any incidents of concerns as and when required.

- After any investigations are completed, the school will debrief, identify lessons learnt and implement any changes as required.
- Where there is cause for concern or fear that illegal activity has taken place or is taking place then the school will contact Durham Police via their local station and their EDP.
- The use of computer systems without permission or for inappropriate purposes could constitute a criminal offence under the Computer Misuse Act 1990 and breaches will be reported to Durham Police.
- If the school is unsure how to proceed with any incidents of concern, then the incident will be escalated to the Education Safeguarding Team.
- Parents and children will need to work in partnership with the school to resolve issues.
