

Key Stage 1 French

<p><u>Good morning!</u> Each morning, can you hold a conversation with a different person in your family? By the end of the week, you will have taught them how to do it – see if you can be as French as possible with actions and your accent!</p>	<p><u>French sing-a-long</u> While you're in the shower or bath, or even doing things around the house – can you find a song in French to listen to. See if you can try to learn how to sing along! If you're stuck, there are a lot of French nursery rhymes on YouTube, that you can dance and sing along with!</p>	<p><u>French meal</u> Research with your family, some of the food and drink that French people love! Can you create a French menu of food and drink that we can design, create and eat when we all return to school?</p>	<p><u>Family Tree</u> Create a French family tree by naming everybody that is in your family (not just at home!). Don't forget to label who they are and include any pets (in French!!). Be as creative as you possibly can with your family tree!</p>
<p><u>BINGO!</u> Create a bingo sheet for your family (or even for your neighbours to join in!). Read out the numbers in French and cross off when you hear it! See if you can beat the adults, by shouting 'MAISON' (HOUSE!) if you cross all of your numbers off!</p>	<p>Colour in the boxes as you complete the task. I look forward to seeing your photos and emails as you do each task!</p>		<p><u>What's happening in France?</u> Mr Rooney is a big fan of the French president! Can you see if you can find out what he is called? If you're feeling artistic, could you even draw, or paint what he looks like?</p>
<p><u>Mini mechanics needed!</u> Can you create your own garage where you can fix any transport! Draw the transport and label what it is in French. You can fix any type of transport (boats, trains, aeroplanes, cars, buses!) See if you can remember how to pronounce helicopter! Clue: The French never pronounce 'H'!!</p>	<p><u>Story time</u> Can you find any well-known French stories online to read? If you have family around, find a story to read to them as best you can without telling them what the story is! If you read it (and act out) well, they'll be able to guess the story!</p>	<p><u>Duolingo</u> If you have an iPad, tablet, or smartphone – download the app 'Duolingo' for free. There are different levels and also a wide range of topics to use! Mr Rooney uses it for other languages, so why not try to learn Spanish and see if there are any words that are similar to French?</p>	<p><u>France</u> Create and label a map of France! Can you find some of the cities in France? If you can, could you draw on any rivers and even mountains on your map too!</p>
