Week 8: On Pentecost day, God's Holy Spirit showered gifts upon the friends of Jesus, gifts which were different kinds of energy, gifts which transformed them. To help Christians live as followers of Jesus the Holy Spirit gives them different kinds of gifts so everyone can help one another. There are seven particular gifts, which are linked together and help people to lead good lives and make use of the gifts they have. These gifts should be used to help others.

**Wisdom** – that is the gift to be sensible and not to jump to conclusions but be thoughtful.

**Understanding** – enables people to be compassionate and to take time to find out and be able to appreciate what is happening.

**Counsel** – means using wisdom and understanding to come to a good decision about something.

**Fortitude** – there are times when everyone needs to be brave in standing up for what they believe to be right and holy.

**Knowledge** – without knowledge you cannot make right judgements or have an understanding. It takes practice to have true knowledge.

**Piety** – this is about reverence and respect for God, for one another and for oneself.

**Fear of the Lord** - this gift enables people to recognise the awe and wonder of God and be amazed by the love and goodness of God.

Help your child to think of ways that these gifts can be used each and every day in simple ways. Create a poster.

**Week 9:** Celebrate the story of Pentecost – what can you remember about the story? How does the Holy Spirit help us today?

Mission Together and CAFOD have Pentecost liturgies you can download and celebrate.
